SHADE ART

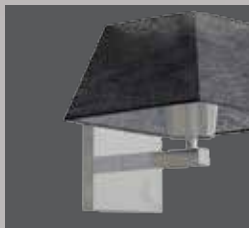

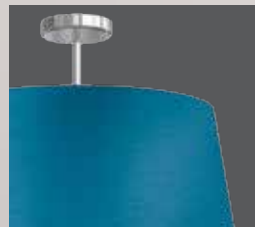

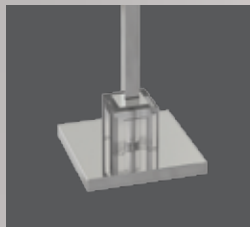

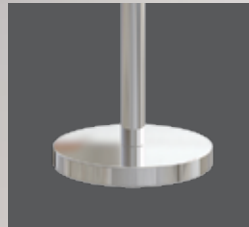

by **brilumen**

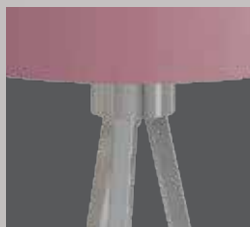

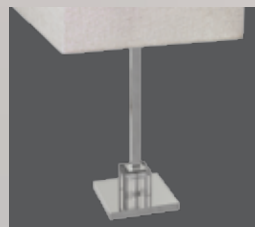

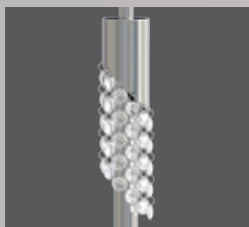

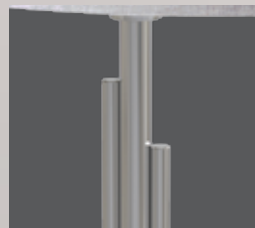

Lighting with elegance and art

Decorate is a defiant art,
not every colour or shape
is suitable for all purposes,
as each room is unique.

Life is short, and simple things are the best!
Take a trip through our catalogue,
amuse yourself by mixing shapes and colours.
Create your own delightful ambience.
Details matter.

Your ideas ... We make it real!

Our catalogue is only a suggestion for some possible combinations.
Our collections were designed to be mixed up allowing freedom of choice.
You can match wall, ceiling, table and floor lamps, and transform your space in something unique, according to your décor and need of light. Enjoy your day and make it beautiful, your imagination is the limit.

From page 35 onwards, you will find a wide variety of alternatives to create your own project.
In case you don't find what you are looking for or need further information, please let us know.
We turn your imagination into reality!

*Representative drawing

FA
BRI
CS

The background is a dark grey, textured surface. Overlaid on this are several white, thin-lined geometric shapes. These shapes are mostly rectangles and polygons, some of which are tilted or skewed. They overlap each other in a complex, layered fashion, creating a sense of depth and architectural structure. The lines are clean and sharp, contrasting with the grainy texture of the background.
